

Concealed Carry Survival Course

This one day course is designed to bridge the gap between empty handed self-defense and utilizing a concealed weapon to defend oneself. Weapon retention techniques will also be covered. This is a physical course and students will be conducting basic upper body and lower body strikes against pads. Students will learn proper firearms handling and then practice those techniques on the range. The topics that will be covered include:

- Situational Awareness
- Empty hand strikes
- Lower body strikes
- Drawing from concealment
- Weapon retention

Attendees will be taught how to fight off an attacker and then draw from concealment.
