

Tactical Medic – Advanced Course (TMAC)

This five day course is designed to train EMT-Bs or higher to operate as a part of a law enforcement tactical unit (SWAT/SRT/ESU etc.). Tactical medics are expected to provide pre-hospital care in austere environments with little or no support. Course curriculum covers tactical and medical instruction. The course includes the following topics:

- Tactical Medic Role and Responsibilities
- Tactical Triage
- Remote Assessment
- Tactical Movement
- Care under fire
- Weapon familiarization
- SWAT operations

The course is physically demanding requiring participants to operate under stress in tactical gear while performing lifesaving techniques. Students should be physical fit.

Prerequisites:

Students shall be nationally registered or state certified as an EMT-B or higher. Current EMS certification and Agency I.D. must be provided.

Required Equipment:

Tactical uniform (military BDUs, EMS Pants & T-shirt, Flight suit or similar)	
Boots	Eye protection (glasses or goggles)
Hearing protection	Ballistic Vest or Load Bearing Vest
Issued Medical Gear	Weather appropriate gear (we train rain or shine)
Issued Weapon system with 100 rounds (if weapon package is included)	

Recommended Equipment:

Cold/Wet Weather gear (as appropriate)	Notebook w/ writing utensil
Knee/ Elbow pads	Camelback or similar

Class Size: 6-12 students

Course Cost: \$600.00
